<i>Questions</i>	7.45 pm - 8.00 pm

### Dear Colleagues

Thank you for the overwhelming response to our first announcement inviting you'll to participate in this unique respiratory update. In this second and final presentation we have put together an irresistible scientific feast, which comprises of basic and advanced topics covering a wide spectrum of respiratory diseases. The first day has been devoted to keynote addresses delivered by two brilliant teachers - Dr A A Maheshwar and Dr Roland M duBois. A comprehensive "how do I series" touches upon clinically relevant day-to-day problems. Day 2 covers a pot pourri of subjects ranging from basic diagnostic issues such as PFT and sleep medicine to advance investigation methodologies of PET scan and EBUS. Old and contemporary issues have been given equal importance and we wind up that day with a stimulating case discussion emphasizing on clinical/radiological / pathological correlation of diseases. A leisurely half-day awaits you'll on the 3rd day which kicks off with the Slim run marathon for the brave and concludes with a 1 hour meet-the-expert session where you will set the agenda for discussion.

A lot of hard work and brainstorming has gone into the devising of the lung pathology workshops. To be conducted as a parallel session on 28 July. Indeed, students and consultant pathologists will find this most instructive and exciting.

A galaxy of experts is at your disposal throughout the 3 days of the update. Come with this unmissable opportunity to interact with them in the informal atmosphere of the beautiful resort of Radisson Blu.

God awaits you, we await you.....

Dr Dhamesh Patel  
Secious Chest Group

Dr N K Jain  
Indian Chest Society (West Zone)

## DAY 2 : 28 July 2012

<i>Case based approach to Pulmonary Function Tests</i> Prof D J Christopher	9.00 am - 9.25 am
<i>PET CT in non malignant chest diseases</i> Dr Vikram Lata	9.30 am - 9.55 am
<i>Sleep disordered breathing - there is more to it than OSA</i> Dr Abhijit Deshpande	10.00 am - 10.25 am
<i>Tea Break</i>	10.30 am - 10.45 am
<i>Do connective tissue disorders begin in the lung ?</i> Dr Roland duBois	10.45 am - 11.10 am
<i>The young PE - acute management and follow-up</i> Dr Luke Howard	11.15 am - 11.40 am
<i>The path to TDR TB</i> Dr Zarir Udawala	11.45 am - 12.10 pm
<i>LUNCH BREAK</i>	12.15 pm - 1.00 pm
<i>Central airways obstruction - diagnosis &amp; management</i> Dr Ravindra Mehta	1.00 pm - 1.25 pm
<i>Selecting patients and setting up home NIV</i> Dr Sumit Sengupta	1.30 pm - 1.55 pm
<i>Debate</i> <i>EBUS is nothing but a rich man's TBNA</i> Prof Dhwanj Gupta (Ppt) Dr Ravindra Mehta (Con)	2.00 pm - 2.45 pm

<i>TEA BREAK</i>	2.45 pm - 3.00 pm
<i>Bronchiectasis - which tests for which patients</i> Dr Ritesh Agarwal	3.00 pm - 3.25 pm
<i>COPD - it is not just managing FEV1</i> Dr Raja Dhar	3.30 pm - 3.55 pm
<i>Non-Tuberculous mycobacterial infections - much ado about nothing ?</i> Dr Dhwanj Gupta	4.00 pm - 4.25 pm
<i>CASE DISCUSSION</i> Dr Roland duBois Dr Henry Tasselaar Dr Luke Howard Dr Ritesh Agarwal Dr Vivek Patel Moderator : Dr Dhamesh Patel	4.30 pm - 5.00 pm
<i>Beach Football</i>	6.00 pm - 7.00 pm
<i>Banquet</i>	7.30 pm onwards

## LUNG PATHOLOGY WORKSHOP PROGRAMME

Day-1 28/07/2012, Saturday

Topic	Duration	Speaker	Time
Welcome Note	10	BCG president/ secretary	08:00-08:10
Opening Remarks	5	Dr Udayan Kachchhi	08:10-08:15
Pulmonary neuroendocrine neoplasms	30	Dr N A Jambhekar	8.15-10.15
The spectrum of pulmonary mucinous neoplasia-diagnostic challenge	15	Dr N A Jambhekar	
Proposed 2011 classification of adenocarcinoma	45	Dr Henry Tazelaar	
The importance of subclassification of non-small cell carcinoma and how to achieve that with minimal use of antibodies	15	Dr Henry Tazelaar	
Adenocarcinoma, whether primary or secondary-approach with use of IHC	15	Dr N A Jambhekar	
<b>Tea</b>			<b>10.15-10.30</b>
Historical evolution of IHC diagnosis of Malignant mesothelioma	20	Dr N A Jambhekar	10.30-12.15
Distinction between benign and malignant mesothelial proliferation	15	Dr Henry Tazelaar	
Mesothelioma Vs. Adenocarcinoma - an optimum IHC panel	15	Dr N A Jambhekar	
ILD-Pattern Based approach	35	Dr Henry Tazelaar	
Type of biopsy, diagnostic yield and confidence in reporting interstitial lung diseases.	20	Dr Jaya Deshpande	

(P.T.O.)

## LUNG PATHOLOGY WORKSHOP PROGRAMME

Day-1 28/07/2012, Saturday

Topic	Duration	Speaker	Time
<b>Lunch</b>			<b>12.15-13.00</b>
ILD-what a clinician wants?	15	Prof G C Khilnani	13.00-16.05
ILD-overview	30	Dr Henry Tazelaar	
Approach to granulomas in lung biopsy	30	Dr Jaya Deshpande	
Eosinophilic lung diseases	20	Dr Henry Tazelaar	
The lung in systemic disease	20	Dr Henry Tazelaar	
Pleural fluid-a clinician's interpretation of laboratory findings	20	Prof G C Khilnani	
Infectious lung diseases-approach in small biopsies	30	Dr Jaya Deshpande	
Pulmonary Aspergillosis-spectrum of diseases.	20	Dr Jaya Deshpande	
<b>Tea</b>			<b>16.05-16.20</b>
Case discussion-Main conference room	40	Dr Roland duBois Dr Henry Tazelaar Dr D J Christopher Dr Dheeraj Gupta Dr Moderator : Dr Dharmesh Patel	16:20-17:00

Day-2 29/07/2012, Sunday

Topic	Duration	Speaker	Time
Meet the professor-Approach toILD/discussion based on digitized sections	120	Dr Henry Tazelaar	09:00-11:00
