Baroda Chest Group

INDIAN CHEST SOCIETY

The much awaited Baroda Chest Group Respiratory Update in Goa is back! The 5-year hiatus has neither diminished our enthusiasm nor blunted our quest for combining knowledge and fun. After having successfully organized two memorable meetings in 2007 and 2012 respectively, the Baroda Chest Group puts all its strength and resources in bringing to you yet another academic feast in July 2018 and in the place where you'll like the most ..... fun-filled Goa with its beautiful beaches and the serenading Arabian sea.

The last 5 years have accrued a lot of exciting developments in respiratory medicine and we shall endeavor to pack this and much more in a very presentable package to be delivered by some of the leading exponents in the world. The last updates have been credited for its clinical relevance and the excellent teaching faculty. This one will continue to promise both. Our Group's strength lies in multidisciplinary participation and with 62 members across different specialties, we share two common goals - the strength lies in multidiscipline and to unshackle the straightjacket of scientific knowledge for the benefit of all medical practitioners irrespective of their grade. Keeping this in mind we have kept the scientific content simple and relevant and the registration fees at a very affordable one with lots of complimentary values added. We have deliberately insisted that all delegates be in - house guests to make the best use of the meeting, soak in the ambience and more importantly interact with colleagues and experts in the most informal way. Rest assured the warm hospitality and personal touch from our members will leave the famed Gujarati 'mithaas' lingering in your mouth and brain till the next update.

The schedule will have a leisurely arrangement leaving ample time for you to hit the blues, the beach and the bottle! Come and join the magic of respiratory medicine and the monsoon Susegad in Goa.

**From all of us at Baroda Chest Group**

# DAY 1

20 July 2018 Friday

<b>Arrival &amp; Registration</b>		<b>1200 - 1400</b>
<b>Opening remarks</b>	Dr S K Luhadia, Dr Dharmesh Patel	<b>1400 - 1410</b>
<b>Introduction to the Update</b>	Dr Sonia Dalal	<b>1410 - 1420</b>
<b>INTERPRETING PULMONARY INVESTIGATIONS: BACK TO BASICS - Case based discussions   Chairperson : Dr G N Vaishnav</b>		<b>1420 - 1520</b>
HRCT	Dr Vimal Raj	20 min
Pleural Fluid	Prof Nick Maskell	20 min
Pictorial quiz	Dr Raja Dhar	20 min
<b>Respiratory Diseases in India - common problems and new insights   Chairperson: Dr S K Luhadia</b>		<b>1525 - 1625</b>
My ILD clinic	Dr Sahajal Dhooria	20 min
My TB Clinic	Dr Zarir Udwardia	20 min
Embarking on the road to Indian Bronchiectasis	Prof Ritesh Agarwal	20 min
<b>TEA</b>		<b>1625 - 1640</b>
<b>Pulmonary Infections   Chairperson: Dr Rajesh Swarnakar</b>		<b>1640 - 1740</b>
Antibiotic selection for severe Pneumonia in India – is it all a guesswork ?	Dr Deepak Talwar	20 min
Those irritating URTIs	Dr Murli Mohan	20 min
Pseudomonas in the Lungs – Adapt and Survive	Dr Geeti Maheshwari	20 min
<b>Ignited Minds, Future Visions   Chairperson: Prof Randeep Guleria</b>		<b>1745 - 1845</b>
Sahajal Dhooria, Inderpaul Singh Sehgal, Karan Madan, Umang Shah, Hiren Parikh, Samir Gami		60 min
<b>Football / Beach Volleyball from 1900 onwards</b>		

# DAY 2

## 21 July 2018 Saturday

<b>5 KM RUN</b>			<b>0630 - 0730</b>
<b>BREAKFAST</b>			<b>0730 - 0830</b>
<b>ASTHMA   Chairperson: Dr Sundeep Salvi</b>			<b>0830 - 0930</b>
The why and how of running a difficult asthma clinic		Prof Anoop Chauhan	20 min
Panel discussion : Asthma care - gaining trust, improving adherence,		Dr Sujit Rajan, Dr Arpan Shah	20 min
Moderator : Dr A A Mahashur		Prof Anoop Chauhan	
		Prof Randeep Guleria	
Airways and Antibodies		Prof Anoop Chauhan	20 min
<b>ILD   Chairperson: Dr Zarir Udwadia</b>			<b>0935 - 1055</b>
Precision Medicine in IPF – ready for Prime Time?		Prof Toby Maher	20 min
(Prof Dheeraj Gupta Oration)			
Debate – do all patients of IPF need treatment ?	YES	Dr Deepak Talwar	
	NO	Dr Raja Dhar	20 min
Non - IPF ILD– the next decade		Dr Sujit Rajan	20 min
Panel discussion – seek and ye shall be answered		Prof Toby Maher, Dr Vimal Raj	
Moderator : Dr Zarir F Udwadia		Dr Udayan Kachchhi	20 min
<b>Pulmonary Vascular Disease   Chairperson: Dr Harjit Dumra</b>			<b>1100 - 1145</b>
Case studies from Narayana Hrudayalaya, Bengaluru		Dr Murli Mohan & Dr Vimal Raj	45 min
<b>TEA</b>			<b>1145 - 1200</b>

# DAY 2

## 21 July 2018 Saturday

<b>Pleura   Chairperson: Dr A Jayachandran</b>		<b>1200 - 1320</b>
Managing Complicated Parapneumonic Effusions and Empyema – Best clinical practice	Prof Nick Maskell	20 min
Pleural Tuberculosis – myths and facts	Dr Nitin Abhyankar	20 min
Treating malignant Pleural Effusions – from evidence to effectiveness	Prof Nick Maskell	20 min
A walk around the Pleural Space – in conversation with Prof Nick Maskell	Dr Dharmesh Patel	20 min
<b>Felicitation oration   Chairperson: Dr Haresh Shah</b>		<b>1320 - 1345</b>
I decided to listen to my patients.....	Prof Randeep Guleria	25min
<b>LUNCH</b>		<b>1345 - 1430</b>
<b>COPD - Chairperson: Prof Parvez Koul</b>		<b>1430 - 1530</b>
Community based COPD management – can the GOLD glitter in India ?	Dr Sundeep Salvi	20 min
Next generation LAMA + LABA in COPD – real hope or expensive hype ?	Dr Sonia Dalal	20 min
Pulmonary rehabilitation in India – a long walk	Dr Raja Dhar	20 min
<b>NIV   Chairperson: Dr Ravindra Mehta</b>		<b>1535 - 1635</b>
Hospital to Home - NIV in clinical practice	Prof Anita Simonds	20 min
Hypercapnia in the ITU – good, bad and the ugly	Dr Harjit Dumra	20 min
Newer insights and treatment options in sleep disordered breathing disorders	Prof Anita Simonds	20 min

# DAY 2

21 July 2018 Saturday

Interventional Pulmonology - pushing the boundaries   Chairperson: Dr Prashant Chajjed			1640 - 1810
Bronchial Thermoplasty – can we select the responders?	Dr V R Pattabhiraman	15 min	
Airway Misadventures	Dr Ravindra Mehta	15 min	
Cryobiopsy – standardizing the procedure	Dr Nevin Kishore	15 min	
Medical Thoracoscopy into the next decade	Dr A Jayachandran	15 min	
EBUS and EUS- B - FNA – the complete (IP) man	Dr Rajiv Goyal	15 min	
The pathologist's expectations	Dr Udayan Kachchhi	15 min	
<b>Banquet</b>			<b>2000 onwards</b>

# DAY 3

22 July 2018 Sunday

<b>Morning Tea with the EXPERTS (parallel sessions)</b>		<b>0730 - 0830</b>
Pleura	Prof Nick Maskell	
Asthma & COPD	Prof Anoop Chauhan	
Interventional Pulmonology	Dr Prashant Chajjed	
Sleep / NIV	Prof Anita Simonds	
Pulmonary Vascular Disease	Dr Murli Mohan	
Breakfast		0830 - 0930
<b>Maintaining Standards, Reading Guidelines   Chairperson: Dr A A Mahashur</b>		<b>0930 - 1030</b>
ILD Guidelines – work in progress ?	Prof Toby Maher	20 min
Choosing the right investigations and treatment regimens for	Prof Parvez Koul	20 min
Extra Pulmonary Tuberculosis		
Bronchoscopy in India – a blueprint for startups	Dr Karan Madan	20 min
<b>Lung Cancer – Changing Paradigms   Chairperson: to be decided</b>		<b>1030 - 1130</b>
Lung cancer classification and staging – not as sinister as it looks	Dr Nirmala Jambhekar	20 min
Molecular studies in Lung cancer and its clinical applications	Dr Niraj Bhatt	20 min
Radiotherapy in Lung Cancer – a guide for pulmonologists	Dr Ashish Kumar	20 min
<b>LUNCH (optional) 1130 am onwards and Departures</b>		

*Please note minor changes in timings, topics and speakers maybe anticipated*

## WORKSHOPS – 20 July 2018 ( 3.30 – 6.45 pm)

### Diffuse Parenchymal Lung Disease

This National Workshop is designed to give a review of diffuse parenchymal lung diseases with clinical, radiologic and pathological correlations. The workshop will consist of a series of presentations with corresponding multidisciplinary sessions. The speakers are expert thoracic clinicians, radiologists and pulmonary pathologists. The presentations will illustrate the importance of a multidisciplinary approach to solving difficult problems in diffuse parenchymal lung disease.

By the end of this course the participants should have a better understanding of the importance of correlation between clinical, radiologic and pathologic data in diagnosis and management of diffuse parenchymal lung disease and also obtain perspectives on best lung sampling techniques for DPLD.

**Please note all workshop and other faculty members will be housed on –site and you are free to engage them in deliberations, discussions and debates throughout the period of the update**

**Session 1: DPLD: Understanding the approach – (1530 – 1610) 40 min**

- Early diagnosis: Addressing the clinical suspicion of DPLD (Dr A A Mahashur) 20 m
- Basic HRCT patterns in DPLD (Dr Vimal Raj) 20 m

**Session 2: Approach and Management Guidelines (1610 -1810) 120 m**

Clinicians – Prof Ritesh Agarwal / Dr Nitin Abhyankar

Radiologists – Dr Vimal Raj / Dr Vivek Patel

Pathologists – Dr Udayan Kacchchi / Dr Salomi Shukla

- Hypersensitivity Pneumonitis
- Sarcoidosis
- CTD ILD
- Idiopathic Pulmonary Fibrosis

**Session 3: Achieving the diagnosis – (1810 -1840) 30 m**

Current best methods in achieving a histological diagnosis in DPLD – panel discussion Moderator – Dr Rajiv Goyal

Panelist: Dr Arjun, Dr Rakesh Vaidya, Dr Nevin Kishore, Dr Vimal Raj

**Working Tea / Coffee and refreshments**

Workshop co-ordinators: Dr Umang Shah and Dr Hiren Parikh

## **Non Invasive Ventilation – 20 July (3.30 – 6.45 pm)**

This workshop is focused at those healthcare professionals who have some knowledge, but perhaps limited experience of this treatment modality. Led by a world authority on this subject along with pulmonologist - intensivists colleagues, this workshop focuses on the application of NIV in acute situations and in complex sleep and neuromuscular diseases. The workshop will also prepare you to face the challenges of Home ventilation and provide insights into the array of available machines and interfaces so as to make the most appropriate choices for your patients

**Please note all workshop and other faculty members will be housed on – site and you are free to engage them in deliberations, discussions and debates throughout the period of the update**

### **Session 1: NIV Introduction – (1530-1630) 60 min**

- An overview of NIV in Respiratory Care – Prof Anita Simond 20 m
- Basic to Advanced Modes of NIV ventilation (Dr Inderpaul Singh Sehgal) 20 m
- NIV in the ICU – are we using it rightly? (Dr Ravindra Mehta) 20 m

### **Session 2: NIV in special situations (1630 - 1730)60 min**

- OHS, OSA and complex sleep disorders (Prof Anita Simond) 40 m
- Neuromuscular disorders (Prof Anita Simond) 20 m

### **Session 3: Practical Sessions: (1730 – 1830) 60 min**

- Monitoring the acute NIV patient Dr Ravindra Mehta 20 m
- Machines and interfaces Dr Inderpaul Singh Sehgal 20 m
- Getting ready for Home NIV Prof Anita Simond 20 m

**Working Tea / Coffee and refreshments**

Workshop co-ordinators: Dr Arpan Shah and Dr Tejas Kakkad

# REGISTRATION

Upto 31st March 2018

Upto 15th June 2018

# FACULTY

**Professor Toby Maher**

Consultant Respiratory Physician,  
Royal Brompton Hospital, UK  
Professor of Interstitial  
Lung Diseases,  
Imperial College, London

**Prof Anita K Simonds**

Consultant in Respiratory  
& Sleep Medicine Clinical and  
Academic Dept Sleep & Breathing,  
Royal Brompton & Harefield  
NHS Foundation Trust, UK

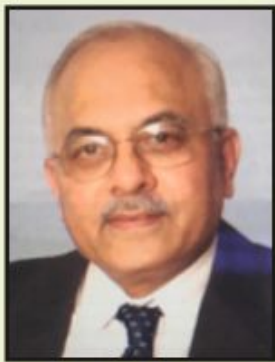

**Prof Anoop Chauhan**

Prof. of Respiratory Medicine,  
Consultant Respiratory Physician  
Director of Research  
Portsmouth Hospitals NHS Trust  
Respiratory Centre, Portsmouth - UK

**Prof Nick Maskell**

Professor of Respiratory Medicine  
Academic Respiratory Unit  
School of Clinical Sciences  
University of Bristol - UK

**Dr Ashok A Mahashur**

Consultant  
Respiratory Physician  
P D Hinduja National Hospital  
Mumbai

**Prof Randeep Guleria**

Director  
All India Institute of  
Medical Sciences  
New Delhi

**Dr Zarir F. Udawadia**

Consultant Chest Medicine  
P D Hinduja National Hospital  
Mumbai

**Dr Rajiv Goyal**

MBBS, DTCD, MD, MRCP (UK)  
Chairman - Centre for  
Respiratory Medicine,  
Jaipur Golden Hospital  
Rajiv Gandhi Cancer Institute  
New Delhi

*Plus a host of other national experts.....*
